A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggisis inquire of customers who asked for a cough medioine whether it was wanted for a child or for an adult, and if for a child they simost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least dauger in giving it and for coughs, colds and croup it is unsurpassed. It's most too soon to fool the voters into electing another Freetrade Congress and President. Too many of them remember the closed shops, the idle times, the bread riots and the free souphouses of the Cleveland reign.

Much stress is laid on the fact that an officer of the Kentucky militin has written to the Secretary of War protesting against the restoration of the Canteen at Army Posts. Nothing strange about that. Every thoroughbred Kentuckian, according to tradition, is opposed to the curtailment of the drink habit.

The fellow who worked this off came pretty near sizing up the situation-

And Koch will capture the German band, Make no mistake on that. All of the English will follow KNAPP,

On that just bet your cont; But where is the man who cares a rap For the durn American vote?

THE LEDGER heartily indorses Mr. BRYAN on one proposition, anyway. In a speech out in Indiana a few days ago he said-

"I am so Democratic that I would like to see Postmasters elected by the people. I am tired of seeing the Federal Government come into a town and appoint as Postmaster a man whom the people do not want. I am tired seeing Federal patronage used to build up political machines."

The last Legislature—for purely political purposes, and directly in opposition to the speeific requirements of the Constitution of Kentucky, which each and every member had sworn to obey,—passed a law creating a new county out of portions of Carter, Lewis and Elliott: they called the new baby Вескнам, in honor of the Governor; and Governor Becknam,—for political purposes, and to transmit his name to posterity some more,—approved the unconstitutional Act, at the same time vetoing another bill creating the county of Thorne, named in honor of Lieutenant-Governor Bill Thorne, whom Beckham doesn't sit up o' nights to love: and then a suit was filed in the Carter Circuit Court to test the constitutionality of the Beckham County Act; and then Judge KINNER of that Court—for some more political purposes-decided that the rape of Carter and Lewis county territory, and even a few miles over in Ohio, was constitutional; and then the Democratic Court of Appeals—having more regard for the Constitution than it had for even the extension of partisan domain—declared with some emphasis that the attempted rape was unconstitutional; and once more the "imperialists" appeared before Judge Kinner with a new survey and another demand for the new county; and Judge Kinner has just seen a big search-light, and now says the Act is unconstitutional! So Beckham county is finally knocked out and forever—with the people to pay \$1, 302.89 for the last survey and a whole lot of lawyers' fees.

And BILL THORNE reared back on his hind legs and jes' laffed!

'Let Real Democrats Do the Talking"-"Plutocratic Has Beens Make Republican Votes."

New York Democratic Newspaper Prints a Caustic Editorial. Quickly Stifled.

[From the New York Journal, Dem.] Take Oiney off the stump.

Democrats of his type make no votes for the party. Last night in his speech at Cooper Union the former attorney general and later secretary of state under President Cleveland offered n characteristic keynote.

In his argument against imperialism he spoke of "our needless scrimmage with Spain over Cuba," and subsect and Cuba continued to be a Spanish quently referred to "that development of jingoism and militarism which hrought on the scrap with Spain."

That is a keynote to which the country will not respond in the way expected by Mr. Olney. It is not Americanism, and certainly it is not Democracy.

The war for the liberation of Cuba had the heart of the people behind it. It was chivairic, unseifish and giorlous. Limited and careful gentlemen of the Oiney type found themselves lucapable of rising to the height of the popular enthusiasm, but whether in or out of office they were swept along with the tide of noble sympathy for an oppressed people, 'History will record that' the United States in expelling Spain from the new world reached a moral eminence quite unparalleled in the action of nations.

We owed nothing to Spain. Her occupation of Cuba had been a continuous crime, as was her whole career in this hemisphere. We had been patient too long. The Virginius Infamy should have been the signal for her eviction from this side of the globe. The cu mination of her atrocities was the blowing up of the Maine riding at anchor at what was supposed to be a friendly port.

And after that unexampled outrage Olney speaks of our "needless" war with Spain! No American who is as broad as his

country can look back upon the Spanish war without a thrill of pride. Mr. Oiney speaks for a kind of Democrats who are infinitely burtful to the Democratic party. They seem to be able man, no doubt, an excellent lawyer and means well, but he damages Democracy and the candidacy of Judge Parker when he puts himself forward as a spokesman at once of "little Americanism" and the party which is historically that of expan-

A great people are not to be cribbed, cabined and confined within the cold blooded and petty limitations of the Oiney conception of national duty and destiny. The votes of young men, of men of spirit, cannot be won by sneers at one of the loftlest deeds in the nation's life.

Democrats, real Democrats, are not to be deprived of their share in the glory of freeing Cuba. It is to the everlasting honor of the party that through its representatives in congress and in the press-the Evening Journal foremost in the fight-it forced a reluctant miministration to declare the war. Had Cleveland been in the White House and Olney in the cabinet we may be quite sure that the heroes of the Maine would have perished in vain simmbles at our door.

The Democracy has no quarrel with any man who took part as a soldier or civilian in rescuing Cuba, and it is not to be toler: ted that the party should be placed in such a position. Theodore Roosevelt, as one who took part in that brief conflict, has reason as a candidate to congratulate himself upon Mr. Oincy's presence on the stump. Judge Parker and his managers ought to lose no time in revising the list of campaign speakers and eliminating from it the Olneys, the Clevelands and all other discredited pintocratic, narrow minded and hard hearted Demo crats, so called, who are responsible for the apathy among the people of which complaint is made at Democratic headquarters.

He is an its conspicuous orators the attorney general who discovered the sacredness of a Philman car and a president who ordered troops into lillnois ngainst the protest of her governor for the purpose of crushing a strike?

Oiney has spoken for Parker, and it is announced that Cleveland is also to mount the plutform. If Judge Parker understands the American public as well as we think he does he will put hls foot down and avert that crowning calamity.

Let real Democrats do the talking from now on.

A Young Man Who Values His First Vote "Next to His Life" Wants Help In Deciding.

The Answer Cives Six Good Reasons Why He Should Be a Republican and Stay One.

The Queation,

23 Water Street, Newburg, N. Y., Sepl. 23, 1904.

Dear Sir-I write hoping you will find time to unswer and enlighten me as to how I should vote this coming election. It will be my first vote for president, and I value it next to my life, for it means either a full or empty dliner pall to me. I have tried hard to find some sound conviction by reading the daily journals, but apparently they are striving to see which one can lie most sordidly in their criticisms of party and candidate; therefore I appeal to you for some sound reasons why I should vote the Republican ticket, and wish to add that with all my strength and mind I indorse your presldent in maintaining the army and navy and the progressive government we have enjoyed for the past eight years. Hoplug the hest candidate will win, remain sincerely.

Oct. 6, 1101. My Dear Sir-Your favor of recent date stating that at the coming election you will east your first presidential vote and usking for some good reasons why you should vote the Republican ticket has been referred to me for nu-

The rensons are many and strong wby you should "start right" by voting the Republican ticket, yet It is imposslble within the liuits of an ordinary letter to state even briefly all of them. Hero are a few of them:

First .- You should vote the Republic-

an ticket hecause the record of that purty for the fifty years of its existence has been so uniformly honorable and consistent that it is today a crown of glory to every man to say that he was one of its founders and has contluned to act with it to this day. It is a privilege to any young man to come Into such au luberltauce. No other party has existed in our country for that length of time but its honorable members have at some time or other been obliged to admit that its princhples were victous and its candidates unworthy of their support.

Second .- You should vote the Republlean ticket because that party was organized to make this the land of free men, free soll and free speech. Having accomplished its purpose, it is the party best fitted to preserve them.

Third .- You should vote the Republlean ticket because the party is opposed to free trade and free sliver and has consistently stood for protection to both labor and capital.

Fourth.-You should vote the Repub and Grant and McKlnley and Roosebut the vust majority of Republicaus er this it not true.

River News

The Addie T. will be up today for Vanceburg. The river is rising in places, due to the light ain that has fallen.

Captain W. E. Rowe is to take command of the packet Kanawha. There has been a rise of more than one foot

in the Pittsburgh rivers, caused by the rains of the past few days. The streams are still rising, and should there be a continuance of the precipitation at the headwaters of the Monongahela and Allegheny rivers a barge stage will be reached within two weeks. While it will take considerable more water before coal can be sent South, an additional foot in the Monongabela will permit the bringing down of the millions of bushels of coal now lying in the upper pools.

Some Seasonable Advice. It may be a piece of superduous advice to urge

people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cohi is contracted and before it has become settled in the system, which can only be done by keeping the remedy on hand. This remedy is so widely known and so altogether good that no tre should hesitale about buying it in preference to any other. It is for sale by all
